

## INFORMATIONAL LETTER

**Dear colleagues!**

On behalf of the organizing committee, it is our great pleasure to invite you to the XI International Scientific Conference “ACHIEVEMENTS AND PERSPECTIVES FOR DESIGN OF NEW HERBAL MEDICINES” which will be held on 30 November – 1 December 2023 in Moscow, Russia.

The conference will be held VIRTUALLY. The official languages are Russian and English, including oral presentations (or video presentation) and papers. Materials submitted for conference must be previously unpublished. The author is responsible for the content of the article and presentation (video presentation) (accuracy of citations, facts, statistical data provided in the manuscript). Submitted articles will be checked by the editorial committee and, in case of non-compliance with author guidelines, may be rejected or sent for revision.

There is NO REGISTRATION FEE. The accepted conference papers will be available online on the website, published in conference book indexed by the Russian Science Citation Index. Please fill in on-line registration form at <https://forms.yandex.ru/u/64f5f4fe90fa7b0b47fd3816/>, or at the conference website <http://vilarconf.tilda.ws>. Registration deadline is 10 November, 2023. After registration the confirmation letter about successful registration will be sent to your e-mail. Papers submission deadline is **10 November, 2023**. Power Point presentations and video presentations submission deadline is **27 November, 2023**. Please submit papers and presentations using form at <https://forms.yandex.ru/u/64f6cdd190fa7b2671fd3816/> or at the conference website <http://vilarconf.tilda.ws>.

You can ask all your questions by e-mail: [conference@vilarnii.ru](mailto:conference@vilarnii.ru). Phone: +7 (916) 318 72-10 (from 9:00 to 17:00 on weekdays).

## CONFERENCE SESSIONS

**Medicinal crops cultivation: biodiversity, population biology, introduction, agricultural technologies, breeding, and seed production**

**Structure, reactivity, and biosynthesis of bioactive substances.**

**Metabolomics, targeted analysis and bioinformatics.**

**Search for new bioactive substances and development of herbal medicines.**

**Quality control and standardization of medicinal plant raw materials and substances.**

**Preclinical and clinical studies of herbal medicines. Bioactivity and bioavailability of bioactive substances.**

### **Submission Guidelines**

1. Only previously unpublished materials are accepted for publication.
2. Papers should have no more than 5 authors. Paper size is limited to 5 pages including references, tables and figures (limited to 15 references).
3. Any research article describing a study involving humans should contain informed consent statement and a statement that confirms that the study was approved (or granted exemption) by the appropriate institutional and/or national research ethics committee (including the name of the ethics committee and reference number, if available).
4. Main text: all margins are 2,0 cm. Please use a 12 pt font size, Times New Roman font and single spacing. Paragraph indent is 1.25 cm. Manuscript files can be in the following formats: doc, docx.
5. On the first page, the UDC index must be indicated in the upper left corner. On the next line, symmetrically in the center - the title in bold capital letters. On a new line, centered surname/-s and initials of the author (authors); on the next line in the center - the name of the institution, city.
6. The Materials and Methods section describes the methods (with references if applicable), equipment used (manufacturer, country) and description of statistics used in the present study. Introduction, Results and Discussion, Conclusions should be written in accordance with the formal requirements, be informative and correspond to the title of the article.
7. Tables and figures should be numbered and cited within the text. All axes and units must be specified. It is forbidden to copy and paste excel-generated figures into the text of paper, due to their possible damage. They should be saved and pasted into text as a png, jpeg, jpg file. Image files with fine details should preferably be submitted as separate files in png, tiff, jpeg, jpg formats with a resolution of at least 300 dpi.
8. References should follow the GOST referencing style in alphabetical order. Reference citations in the text should be placed in parentheses (Ivanov et al., 2020; Petrov, 2010a; Petrov, 2010b). Self-citation of more than 10% of the total number of references is not allowed.
9. Set your presentation slide size to a widescreen (16:9) aspect ratio. The presentation should correspond to the subject of the conference. We ask the authors not to overload the presentation with text. The approximate time for the report is 10 minutes.
10. The video presentation can be submitted in English or Russian. Only one video presentation is accepted from each author. Video recording should be done with a microphone and in good lighting. The video presentation should have high-quality visuals and should not have any extraneous noise that interferes with perception. The aspect ratio of the screen should be 16:9, and the video orientation should be horizontal. The video presentation should not exceed 10 minutes. Video recordings of reports should be saved in avi, mkv, or mp4 format, with a file size of no more than 500 Mb. You can record a video report using a camera or Power Point. The video must be uploaded to a file sharing service associated with your email provider (<https://cloud.mail.ru/> for mail to mail.ru; <https://disk.yandex.ru/> for mail to yandex.ru; <http://drive.google.com> for Google; <http://dropbox.com>).
11. Article and presentation templates can be found on the conference website <http://vilarconf.tilda.ws>
